- Ask the hospice clinical manager what facilities they use and how they monitor the care their patients receive at each facility. If you have questions concerning the provision of care or the hospice's explanation of how they monitor care at the facility(ies), ask to review a copy of their written agreement.
- Ask how the hospice assures that all staff caring for hospice patients at the inpatient facility(ies) have been trained in the hospice philosophy of care and are able to provide patient care according to the hospice plan of care. If necessary, contact or visit the facility(ies) as needed to verify compliance.
